Honorable Common Council:

Gentlemen—Under date of June 22, 1965, JCC Page 1606 your Honorable Body approved Petition No. 11232 of Charles Granader to install and maintain a building encroachment at 13430 East Eight Mile.

Inadvertently the petitioner stated Lots seven (7) through 14 as the property description, and has just notified us that the encroachment is in fact to be on Lot eight (8).

We, therefore, recommend that the resolution be amended to read "Lot 8", rather than, "Lots 7 through 14."

Respectfully submitted,

GLENN C. RICHARDS,  
Commissioner.

Honorable Common Council:

Gentlemen—We are returning herewith the petition of the Wessels Company, et al, No. 8249, requesting the conversion of portions of the public alleys in the block bounded by Russell, Philadelphia, G.T.R.R., and Euclid into easements for public utilities. The vacation of said alleys was approved by the City Plan Commission with the recommendation that sufficient land be dedicated for an alley turn-around. The petition was then referred to this office by your Committee of the Whole for investigation and report.

We wish to advise that our investigations are completed.

As per our directive, the petitioner deposited with the Permit Division of the Department of Public Works, the sum of \$2,500.00, Receipt No. GR-12572, said amount being the estimated cost of paving the new alley turn-around in the area to be vacated.

The petitioner also paid into the City Treasury, the sum of \$371.76, Receipt No. B-39795, credited to the Public Works Street Maintenance Fund Code No. 43-6241, said amount being the original cost of paving the south one-half of Philadelphia Avenue and the north one-half of Euclid Avenue at the entrances to the alley to be vacated.

The petitioner has requested that the paved alley returns remain in their present status as the petitioner plans to utilize same and has agreed by letter, filed with the original petition, to pay all costs incidental to the removal of the returns at such time in the future as the removal becomes necessary.

We are in receipt of a Warranty Deed from the petitioner to the City of Detroit deeding land for an alley turn-around in the area to be vacated. Said deed was approved as to form and execution by the Corporation Counsel and as to description by the City Engineer and is attached for your Honorable Body's acceptance.
