Chairman Rogell submitted the following committee report for above date and recommended its adoption:

Encroachments

By Councilman Rogell:

RESOLVED, That the Departments of Public Works and Buildings and Safety Engineering be and they are hereby authorized and directed to issue permits to Martin E. Citrin et al, d/b/a J. A. Citrin Sons Company, a Co-Partnership, for encroachments at 733 St. Antoine, Detroit, Michigan; property being described as:

“Lot 10, Antoine Beaubien’s Farm, 1846, recorded L 27, pages 197-199

inclu. of Plats, WCR; the south 24 feet of Lot 11, the south 68 feet of Lot 7 and the east 10 feet of the south 68 feet of lot 8 of the above named plat.”

The encroachments consist of the following:

1. Two triangular protruding windows, one each on the third story of the north and south brick walls. The window on the south elevation will protrude a distance of 4½ feet onto the public alley some 20 feet above the present alley grade.

2. Buff colored sidewalks along the west side of St. Antoine south of east Lafayette for a distance of 68 feet and for a width of ten feet; also for a distance of 162 feet along the south side of East Lafayette west of St. Antoine for a width of 15 feet. Since the street widening of East Lafayette is now progressing, the petitioner will pay the City of Detroit, Department of Public Works, for the additional costs involved in the sidewalk material over and above the contract figure for the Lafayette walks and will pay for the entire costs of the St. Antoine walks inasmuch as this street is not a part of the contract. The funds for said payment shall be placed on deposit with the City before the commencement of the construction. The foregoing sum of money will be paid to the contractor under PW6514 Account No. 195-9213-935 which is the account for the street and sidewalk construction.

3. A planting area on the south side of Lafayette extending 2’6” into public property covering a distance of 162 feet except for the 16’ entrance into the building and for the 20’ drive into the parking lot.

The planting area will be surrounded with a 2” high brick retainer wall.

4. Cutouts in the walk being four feet square with a 2 inch high brick retainer wall surrounding the tree wells.

PROVIDED, That the necessary permits be issued by the Departments of Public Works and Buildings and Safety Engineering and that same shall be constructed and maintained under the rules and regulations of said departments, the City Plan Commission and the City Engineer’s Office in accordance with Drawing A:4-1, of William Kessler and Associates, Inc., Architects, entitled Citrin Residence, 733 St. Antoine, Detroit, dated 6-25-73. Further, that the Department of Parks and Recreation be reimbursed for any tree planting done by that department; and

PROVIDED, That permittee at the time of obtaining said permits file with the City Controller an indemnity agreement in form approved by the Corporation Counsel saving and protecting the City of Detroit harmless from any and all claims, damages or

expenses that may arise by reason of the issuance of said permits and the faithful performance by the permittee of the terms thereof, and in addition to pay all claims, damages or expenses that may arise out of the maintenance of said permission; and

PROVIDED, That no right in the public streets, alleys or other public places shall be considered waived by this permission which is granted expressly on the condition that said encroachments shall be removed at the expense of the permittee at any time when so directed by the resolution of the Common Council, and that the public property affected shall be restored to a condition satisfactory to said Departments by said permittee at its expense; and

PROVIDED, That this resolution is revocable at the will, whim or caprice of the Common Council and permittee hereby expressly waives any right to claim damages or compensation for property constructed hereunder for the removal of same and further that permittee acquires no implied or other privileges hereunder not expressly stated herein; and

PROVIDED, That these permits shall not be assigned or transferred without the written approval of the Common Council; and

PROVIDED, That the filing of the indemnity agreement and the securing of the necessary permits referred to herein shall be construed as acceptance of the terms of this resolution by the permittee; and

PROVIDED, That a certified copy of this resolution shall be recorded with the office of the Register of Deeds for Wayne County by and at permittee's expense.

Approved:

ROBERT D. McCLEAR
Acting Corporation Counsel
