Honorable City Council:
 Re: Petition No. 5456 — of the Chrysler Corporation. Requesting Permission to Construct a 10" Private Fire Line In Mound Road.
 Returned, herewith, is Petition No. 5456 of the Chrysler Corporation requesting permission to construct, by private contract, approximately 500 lineal feet of 10-inch private fire protection water main in Mound Road (Wayne County right-of-way).

The proposed fire line will be a continuation of the existing fire protection main located in Mound Road which is downstream of the meter.

Common Council adopted a resolution on September 21, 1965 and amended it on December 28, 1965, permitting the Chrysler Corporation to install and maintain an underground fire line encroachment in Mound Road.

It is recommended that the petition be granted in accordance with the attached resolution which is of the same form as the above resolution.

Respectfully submitted,
JOHN P. KANTERS,
 Director
 Detroit Water and Sewerage Department

By Council Member Hood:
Resolved, That the Department of Environmental Protection and Main-

tenance be and is hereby authorized and directed to issue permit to Chrysler Corp., owners of property described as North Outer Drive East, all that part lying between Eight Mile Road, Outer Drive, Mt. Elliott Avenue and Mound Road. All as widened except NW portion as subdivided into Lots W. 1/2 of NW 1/4 Section 4, T 18 R 12 E 13-Also, Lots 34-35-73-76 Incl. 105 to 114 Incl. and Vacant Streets and Alley adj. 13-307-2 30 to 36 Incl. and Vac. alleys adj. L 56, P 90 Plats, WCR 13-328 to install and maintain an underground fire line encroachment consisting of a water main, 10 in. in diameter and 5 ft. below grade located approximately 12 ft. west of the east right-of-way line of Mound Road at the North right-of-way line of Outer Drive for a distance of approximately 500 ft. along Mound Road north to the existing fire line, subject to petitioner furnishing an indemnity agreement in accordance with this resolution; Be It Further

Resolved, That the same shall be constructed and/or maintained under the rules and regulations of the Department of Environmental Protection and Maintenance, Buildings and Safety Engineering and the Fire Marshal in accordance with plans submitted to and approved by those departments, and Further

Resolved, That the permittee, for himself, his heirs, legal representatives, successors and assigns shall accept such permit on the conditions hereby imposed, and with the further distinct understanding that during the life of said encroachment the permittee will assume full liability for any and all damages which may be sustained by the City arising by reason of the granting of said permit, and that said permittee will, before the issuance of said permit, file with the Finance Director the type of document as above set forth, naming the City of Detroit as obligee therein, conditioned to indemnify and save harmless the City of Detroit from and all loss or damage, including loss or damage emanating from personal injury and property damage, costs and expenses it may suffer arising during the life of said encroachment by reason of the issuance of said permit. The said document shall be approved by the Law Department as to form and execution before filing same with the Finance Department, and Further

Resolved, That the permittee shall acquire no implied or other privileges hereunder not expressly stated herein; that no rights in the public streets, alleys or other public property shall be considered waived by this permission, which is granted expressly on the condition that the encroachment hereby permitted shall be removed at the expense of the permittee at any time said structure or installation is remodeled, rebuilt or otherwise changes, so that the street,

alley or other public property affected thereby shall remain free of such encroachment; and Further

Resolved, That said permit shall be issued only after a certified copy of this resolution has been duly recorded in the office of the Wayne County Register of Deeds, by and at the permittee's expense; and Further

Resolved, That this resolution is revocable at the will, whim or caprice of the City Council, and that at any time said permit is revoked by the Council the said encroachment shall be removed by the permittee within the time directed, and that upon failure to do so, the Director of the Department of Buildings and Safety Engineering or his agents may enter into and upon the premises and remove at permittee's expense any part of said structures or Installation which encroaches into or upon a street, alley or other public property, and further

Resolved, That the permittee hereby waives any right to claim damages or compensation from the City of Detroit, or from any official agent thereof, due to the trespass or damage resulting from removing any such encroachment upon a street, alley, or other public property.

Honorable City Council:

Re: Federal and State Grants, Proposed Grant Applications, Water Pollution Control Program.

The United States Environmental Protection Agency (plaintiff) has filed in the United States District Court for the Eastern District of Michigan, Southern Section, Civil Action No. 771100 wherein it is alleged that the City of Detroit (defendant) is in violation of the Federal Water Pollution Control Act Amendments of 1972 (PL 92-500) and the terms of the National Pollutant Discharge Elimination System Permit No. MI 022802. In order to meet the terms of the NPDES Permit and reach potential settlement of the Civil Action it is necessary that elements of the Capital Improvement Program for the Water Pollution Control Program be constructed.

The City has identified \$567,000,000 in capital improvements, \$546,500,000 of which is considered to be eligible for 80% Federal and State Grants under PL 92-500 and Michigan Act No. 329, PA 1966, as amended. It is urgent that grant applications be filed for this eligible capital work. Based on 75% Federal and 5% State grants, these costs will be shared as follows:
