Your Committee of the Whole referred the above petition to this office for investigation and report.

The petitioner wishes to construct a masonry wall, eight feet high, along a line two feet north of the south line of the 15 foot wide walkway in vacated Canfield between Third Avenue and the north-south alley first west of Third Avenue.

All City Departments and privately owned utility companies reported that they have no objections to the encroachment into the walkway provided proper provisions are incorporated into the resolution protecting their installations located therein.

The adoption of the attached resolution is recommended.
