Re: Appropriation Transfer-Water System and Sewerage Disposal System.

The appropriations for Water System — Administration and the Sewerage Plant will deficit as a result of the \$909,571.50 court settlement in the Water System and increased payroll, contractual services, and supplies at the Sewerage Plant.

We propose to finance the appropriation shortages by transfers from other appropriations.

The Board of Water Commissioners approved the transfer at its meeting of Wednesday, June 18, 1980.

We respectfully request adoption of the attached resolution by your Honorable Body in order to finance our operations through June 30, 1980.
