Honorable City Council:

Re: Petition No. 2143 — Holy Cross Children’s Service request for street closure on Larkins Street between Wagner and McGraw.

Petition No. 2143 of “Holy Cross Children’s Service” request permission to temporarily close Larkins Street, 66 feet wide, between Wagner Avenue, 55 feet wide, and McGraw Avenue, 86 feet wide, in order to provide a safe environment for the adjacent school children when crossing Larkins Street to the recreational/classroom/and lunch room buildings located across Larkins Street was approved on March 5, 2013. After an objection from a property owner that uses the street brought his/her concerns to the Department of Public Works (DPW) and Traffic Engineering Division — DPW (TED) a more detailed investigation was performed by TED to determine if the property owner had a valid claim under the objection proposed to the City of Detroit. DPW arranged a meeting with Holy Cross Children’s Services, City Engineering Division — DPW (CED) and TED to inform the petitioners that DPW will be rescinding their request to temporarily close Larkins Street as approved by the Honorable City Council.

Traffic Engineering Division — DPW (TED) reports/memo sent to the City Engineering Division states that Larkins Street being one way southbound and Ceil Avenue being one way northbound, north of McGraw, the approval of closure of Larkins Street between Wagner and McGraw has resulted in traveling up to two (2) additional blocks for residents on Larkins Street to access eastbound I-94 freeway. After receiving complaints from residents on the affected streets, Traffic Engineering Division (TED) evaluated the

traffic patterns in the area and concur that the residents have some valid concerns and hence recommend rescinding the resolution which was approved on March 5, 2013 by City Council.

The Rescinding resolution is attached for consideration by your Honorable Body.

Respectfully submitted,
RICHARD DOHERTY
City Engineer
