Honorable City Council:

Re: Petition No. 1031 — Giffels Webster request an encroachment into Woodward Avenue between Clifford Street and West Grand River Avenue, and into Clifford Street between Woodward Avenue and Griswold Street on behalf of Bedrock Real Estate Services

Petition No. 1031 — Giffels Webster on behalf of Bedrock Real Estate Services request to install and maintain encroachments with a canopies and Cafe seating on Woodward Avenue, 120 feet wide, between West Grand River Avenue and Clifford Street, 60 feet wide, and on Clifford Street, between Griswold Avenue, 60 feet wide and Woodward Avenue and into the public alley, 20 feet wide in the rear of the property commonly known as 1449 Woodward Avenue.

The petition was referred to the City Engineering Division — DPW for investigation and report. This is our report.

The request is being made to rehabilitate an existing building and to provide for a possible future outdoor cafe at 1449 Woodward Avenue.

Traffic Engineering Division — DPW (TED), reports being involved and approves provided certain conditions are met. The TED conditions have been made a part of the attached resolution. Planning and Development Department reports involvement as the building at 1449 Woodward Avenue is in a Historic District, therefore the project will need Historic District Approval prior to construction.

The Detroit Water and Sewerage Department (DWSD) reports being

involved, but has no objection provided the DWSD encroachment provisions are followed. The DWSD provisions have been made a part of the resolution.

All other involved City departments, including the Public Lighting Department and Public Lighting Authority; also privately owned utility companies have reported no objections to the encroachment. Provisions protecting utility installations are part of the attached resolution.

I am recommending adoption of the attached resolution.

Respectfully submitted,
RICHARD DOHERTY, P.E.
