Honorable City Council:

Re: Petition No. 1819 — The Villages — Detroit, request to encroach on the right of way of various locations around Detroit for the purpose of installing bicycle racks.

Petition No. 1819 — The Villages — Detroit, request for an encroachment with four (4) bicycle racks: three (3) bicycle racks on the South side of Kercheval Avenue, 80 feet wide, between Van Dyke, 66 feet wide, and Seminole Avenue, 80 feet wide; also one (1) bicycle rack on the North side of East Jefferson, 120 feet wide, between Seyburn Avenue, 70 feet wide, and Van Dyke Avenue, 66 feet wide.

The petition was referred to the City Engineering Division — DPW for investigation and report. This is our report.

The request is being made to provide bicycle parking for the businesses on Kercheval Avenue, and East Jefferson Avenue.

The request was approved by the Solid Waste Division — DPW and the Traffic Engineering Division — DPW (TED). TED approves provided that certain clearances are met. The TED clearances are a part of the resolution.

Detroit Water and Sewerage Department (DWSD) reports being involved, but they have no objection provided the DWSD encroachment provisions are followed. The DWSD provisions have been made a part of the resolution.

All other involved City Departments, including the Public Lighting Authority and Public Lighting Department; also privately

owned utility companies have reported no objections to the encroachment. Provisions protecting all utility installations are part of the attached resolution.

I am recommending adoption of the attached resolution.

Respectfully submitted,
