Honorable City Council:

Re: Petition No. 1768 — Bedrock Management LLC, request for 1400 Woodward Hotel Encroachment into Woodward Avenue, John R. Street, Farmer Avenue, and E. Grand River Avenue, all public rights-of-way.

Petition No. 1768 — Bedrock Management Services LLC, request for encroachments with outdoor café, planters,

non-standard paving and trees with grating inclusive of irrigation, also architectural elements including lighting, awnings and canopies above grade. The encroachments are on the east side of Woodward Avenue, 190 feet wide, also on the south side of John R. Street, 60 feet wide, also on the west side of Farmer Street, variable width, also on the north side of East Grand River Avenue, 60 feet wide. All of the encroachments are located in the block of the above four streets.

The petition was referred to the City Engineering Division — DPW for investigation and report. This is our report.

The request is being made for enhancement of the new Shinola Hotel streetscape.

The request was approved by the Solid Waste Division — DPW, and City Engi-

neering Division — DPW, and Traffic Engineering Division — DPW (TED). TED has conditions that are a part of the resolution.

Detroit Water and Sewerage Department (DWSD) reports being involved, but they have no objection provided the DWSD encroachment provisions are followed. The DWSD provisions have been made a part of the resolution.

All other involved City Departments, including the Public Lighting Authority and Public Lighting Department; also privately owned utility companies have reported no objections to the encroachment. Provisions protecting all utility installations are part of the attached resolution.

I am recommending adoption of the attached resolution.

Respectfully Submitted,
RICHARD DOHERTY, P.E.
