 Petition No. 1038 by Giffels-Webster on behalf of 6001 Cass, LLC request to

The petition was referred to the City Engineering Division – DPW for investigation and report. This is our report.

The request is being made as part of the historic restoration of the 6001 Cass Cadillac project.

The request was approved by the Solid Waste Division – DPW, and City Engineering Division – DPW.

objection. The standard DWSD provisions for encroachments have been made a part of the resolution.

All other involved City Departments and privately owned utility companies have reported no objections to the encroachment. Provisions protecting all utility installations are part of the attached resolution.
