Honorable City Council:

Re: Petition No. 1175 – KWAJ, LLC, request for encroachment permit for installation of new steel canopies on building façade located at 1247 Woodward Avenue.

Petition No. 1175 – KWAJ, LLC, request for encroachments with steel canopies on building facades. The encroachments are on the west side of Woodward Avenue, 120 feet wide, between Grand River Avenue Avenue, 60 feet wide, and State Street, 60 feet wide.

The petition was referred to the City Engineering Division – DPW for investigation and report. This is our report.

The request is being made to upgrade the old building awnings.

The request was approved by the Solid Waste Division – DPW, City Engineering Division – DPW, and Traffic Engineering Division – DPW.

Detroit Water and Sewerage Department (DWSD) reports being involved, but they have no objection provided the DWSD encroachment provisions are followed. The DWSD provisions have been made a part of the resolution.

All other involved City Departments, including the Public Lighting Authority and Public Lighting Department; also privately owned utility companies have reported no objections to the encroachment. Provisions protecting all utility installations are part of the attached resolution.

I am recommending adoption of the attached resolution.

Respectfully submitted,
RICHARD DOHERTY, P.E.
