Petition No. 1280 — Cedar Investments LLC, request an encroachment of a turning lane along the southern portion

of Georgia Street, 60 ft. wide, for ingress to the property known as 6836 Georgia Street.

The petition was referred to the City Engineering Division — DPW for investigation and report. This is our report.

The request is being made to install a turning lane for trucks to ingress into the property known as 6836 Georgia Street, owned by Cedar Investments LLC.

The request was approved by the Solid Waste Division — DPW, and City Engineering Division — DPW. The request was approved by the Traffic Engineering Division — DPW.

Detroit Water and Sewerage Department (DWSD) reports being involved, but they have no objection provided the DWSD encroachment provisions are fol-

lowed. The DWSD provisions have been made a part of the resolution. DTE has reported involvement and provisions protecting DTE have been made a part of the resolution.

All other involved City Departments, including the Public Lighting Authority and Public Lighting Department; also privately owned utility companies have reported no objections to the encroachment. Provisions protecting all utility installations are part of the attached resolution.

I am recommending adoption of the attached resolution.

Respectfully submitted,  
 RICHARD DOHERTY, P.E.
