Re: Petition No. x2022-13 — ATT of Michigan, request for the encroachment of a fiber cross connect cabinet within the right of way, located within the public alley between Harold Avenue and Prescott Avenue, adjacent to Fenelon Avenue.

Petition No. x2022-13 — ATT of Michigan, request for the encroachment of a fiber cross connect cabinet within the right of way, located within the public alley between Harold Avenue, 50 ft. wide, and Prescott Avenue, 60 ft. wide, adjacent to Fenelon Avenue, 50 ft. wide.

The petition was referred to the City Engineering Division — DPW for investigation and report. This is our report.

The request is being made to install a fiber cross connect cabinet associated with right of way permit ENG-21-309.

The request was approved by the Solid Waste Division — DPW, and City Engineering Division — DPW, Traffic Engineering Division — DPW approves provided pedestrian traffic is accommodated, and a provision for a clear pedestrian walk, 6 feet wide, is a part of the resolution.

Detroit Water and Sewerage Department (DWSD) reports being involved, but they have no objection provided the DWSD encroachment provisions are followed. The DWSD provisions have been made a part of the resolution.

All other involved City Departments, including the Public Lighting Authority and Public Lighting Department; also privately owned utility companies have reported no objections to the encroachment. Provisions protecting all utility installations are part of the attached resolution.

I am recommending adoption of the attached resolution.
