Honorable City Council:

Re: Petition No. x2022-272 — 123.Net, Inc, request for encroachment of a fiber optic cabinet and related conduits into the berm on the south side of Cambridge Road, between Livernois Avenue and Warrington Drive.

Petition No. x2022-272 — 123.Net, Inc, request for encroachment of a fiber optic cabinet and related conduits into the berm on the south side of Cambridge Road, 60 ft. wide, between Livernois Avenue, 120 ft. wide, and Warrington Drive, 50 ft. wide.

The petition was referred to the City Engineering Division — DPW for investigation and report. This is our report.

The request is being made as part of the telecommunications installation in partnership with DTE Energy.

The request was approved by the Solid Waste Division — DPW, and City Engineering Division — DPW, Traffic Engineering Division.

Detroit Water and Sewerage Department (DWSD) reports being involved, but they have no objection provided the DWSD encroachment provisions are followed. The DWSD provisions have been made a part of the resolution.

All other involved City Departments, including the Public Lighting Authority and Public Lighting Department; also privately owned utility companies have reported no objections to the encroachment. Provisions protecting all utility installations are part of the attached resolution.

I am recommending adoption of the attached resolution.

Respectfully submitted,

RICHARD DOHERTY, P.E.
