 Re: **Petition No. x2023-162** — Extenet, request for encroachment within the westerly part of Beaubien Street, between Clinton Street and Macomb Street, for the purpose of installing a power supply cabinet and related conduits.

**Petition No. x2023-162** — Extenet, request for encroachment within the westerly part of Beaubien Street, 60 ft. wide, between Clinton Street, 40 ft. wide, and Macomb Street, 40 ft. wide, for the purpose of installing a power supply cabinet and related conduits.

The petition was referred to the City Engineering Division — DPW for investigation and report. This is our report.

The request is being made as part of a license agreement with the City to install Small Cell equipment in the public right-of-way.

The request was approved by the Solid Waste Division — DPW, and City Engineering Division — DPW, Traffic Engineering Division.

Detroit Water and Sewerage Department (DWSD) reports being involved, but they have no objection provided the DWSD encroachment provisions are followed. The DWSD provisions have been made a part of the resolution.

All other involved City Departments, including the Public Lighting Authority and Public Lighting Department; also privately owned utility companies have reported no objections to the encroachment. Provisions protecting all utility installations are part of the attached resolution.

I am recommending adoption of the attached resolution.

Respectfully submitted,  
RICHARD DOHERTY, P.E.
