

**Maurice Moran farm, P. C. 182, respectfully report that they have examined the same and find that the amended plat in every way corresponds with a plat of this property which was recorded June 16, 1890, with the Register of deeds after its due approval by the Board of Public Works, and that the purpose in making said amended plat is to supply deficiencies in the dedication, caused by the neglect and failure of Frederick J. Thomas, the owner of the legal paper title, to join in the same and thereby to perfect the title of the public in the streets and alleys projected on said plat. Your Committee recommend that the amended plat be approved and therewith submit the proper resolutions.**

Respectfully,
