**FIRE LIMITS.**

To the Honorable the Common Council:

Gentlemen—Your Committee on Fire Limits, to whom was referred the petition of Thomas Kelley asking for pay as watchman in the fire towers, respectfully report that we have carefully examined the matter and find that an appropriation was made at one time by the Council to pay tower watchmen ten dollars more per month, that said appropriation was not asked for by the Fire Commission and was by them covered back into the treasury of the city, and that all such claims were not allowed by the Commission, we therefore recommend that the prayer of your petitioner be denied.

Respectfully submitted,  
 W. H. BEAMER,  
 A. M. CONUS,  
 WILLIAM NAGEL.

To the Honorable the Common Council:

Gentlemen—Your Committee on Street Openings to whom was referred the resolution of Alderman Scovel, taking from the table the report of the Committee on Street Openings of May 8, 1894, recommending that the width of Scotten avenue, between Fort street west and Dix avenue be made a uniform width of fifty feet, and returning said report to the same committee, respectfully report that after careful consideration we find that Scotten avenue between Fort street west and Dix avenue, comprising 3.196 50-100 feet, is in some places 58 feet wide and in others 50 feet wide, this arises from the fact that certain owners of land including your petitioner, gave the eight feet, while the others would not; your petitioner asks that the street be made the same width either by condemning the eight feet belonging to the parties who decline to give or vacating of that part that was given, respectfully report that after careful examination of this matter we recommend that so much of Scotten avenue as is fifty-eight feet in width shall be vacated so that said

avenue shall be fifty feet wide between Fort street west and Dix avenue, and herewith offer the following resolution.

Respectfully submitted,
