Street Openings.

To the Honorable the Common Council: Gentlemen—Your Committee on Street Openings to whom was referred the petition of Geo. T. Hendrie (1363) for the opening of Connors avenue respectfully report that we have had the same under consideration and find that Connors avenue, near the northerly city limits, turns at an angle from its general direction and your petitioner is desirous of straightening the line of said street so as to conform to the portion outside of the city limits. We also find that petitioner is willing to deed the property necessary to open the street through his property on the west and that the owner of property on the east is also willing to deed the necessary land on consideration of the vacation of that part of Connor's avenue that will be rendered useless by the straightening of the line. Your committee believing that the matter can most satisfactorily be disposed of in this manner, recommends that the City Engineer be hereby instructed to cause the necessary survey to be made to determine the description of the property that it will be necessary for petitioners to deed and the City to vacate in order to accomplish the end desired.

Respectfully submitted,
GODFREY FREIWALD,
GEO. A. OWEN,
FRED W. KRAPP,
F. W. WENZEL.
