### Street Openings.

To the Honorable the Common Council:

Mott William's subdivision, situated on the east and west sides of Epworth boulevard, north of Warren avenue; that in platting said land two strips 30 feet wide were left between lots 48 and 50, block 1, and between lots 43 and 45, block 2, for alley purposes, which strips have never been used for alley purposes and do not conform to the adjoining plats; that the northerly 12.46 ft. of lot 53, block 2, and the southerly 17.54 ft. of lot 55, block 2, of said sub. were condemned by the city for the opening of Milford avenue; but not used for street purposes; that Warren avenue for the greater portion of its length in the immediate vicinity is 100 feet wide, but adjoining lots 95 to 100, block 1, and lots 95 to 99, block 2, of said sub. said street is only approximately 66 feet wide; that in consideration of the

vacation of the two strips of land 30 feet in width designated as alleys and the portions of lots 53 and 55 and required in the opening of Milford avenue, petitioners will deed to the city portions of lots 96 to 100, block 1, and lots 95 to 99, block 2, to make Warren avenue a uniform width of 100 feet. Your committee seeing no objection to the above proposition, recommend that the petition be granted, and therefore offer the following resolution.

### Street Openings.

To the Honorable the Common Council:

Gentlemen:—Your Committee on Street Openings, to whom was referred the petition of Turner & Moore Mfg Co. (6374), for the vacation of certain streets and alleys, respectfully report we find that petitioners are the owners of all of Joseph Hall's subdivision of part of O. L. 43, P. C. 30, with the exception of lot 3, north side of Annexation street, adjoining Hall street, which subdivision is part of the block bounded by M. C. R. R. Annexation street, Junction and Clark avenues; that petitioners request the vacation of all of McGregor street shown on said plat; all of Hall street except the portion lying between the north line of Annexation street and the alleys north of said street; a portion of the public alleys lying north of and parallel with Annexation street and the public alley 9 feet wide adjoining lots 7 to 12 of said sub., for the purpose of erecting on said land a building for manufacturing purposes. Your committee also finds that none of the streets and alleys shown in the said plat have ever been worked and used by the public and will serve no useful purpose as now laid out; that the property is no longer suitable for residence purposes and is available only as a factory site. Your Committee can therefore see no objection to the vacation of the streets and alleys requested, in so far as said streets and alleys do not affect lot 3 of said subdivision, and therefore offer the following resolution.

Respectfully submitted,

GODFREY FREIWAID,  
JAMES VERNOR,  
HERMAN F. ZINK,  
F. W. WENZEL,  
JOSEPH ROLLO,  
JOHN T. THOMPSON,
