**Taxes.**

To the Honorable the Common Council:

Gentlemen—To your Committee on Taxes was referred the petition of First and Old Detroit National Bank, et al. (1088), for refund of amount of taxes paid by them on bank stock owned by Henry A. Haigh, Caroline C. Haigh and Lillia J. Comstock. Your Committee finds that the First and Old Detroit National Bank paid the taxes for 1917 assessed on 22 shares of its stock owned by Lillia J. Comstock, the First State Bank (formerly the German-American Bank) on 200 shares of its stock owned by Lillia J. Comstock and Caroline C. Haigh and the Peninsular State Bank on 185 shares of its stock held by Henry A. Haigh and on 30 shares owned by Caroline C. Haigh. The above banks claim that said taxes were erroneously assessed against them for the year 1917, for the reason that the parties for whom the taxes were paid removed from the City of Detroit and took up their residence in Dearborn, Mich., and have paid taxes on said bank stocks to the Village of Dearborn. The matter has been referred to the Corporation Counsel, and your Committee by him are advised that after a careful consideration of the foregoing cases and an investigation of the facts, the assessments should not have been levied for the year 1917 by the City of Detroit and that the taxes paid on said stocks by the banks should be refunded to them. We therefore recommend the adoption of the following resolution.

Respectfully submitted,

JOHN C. BLEIL,  
JAMES VERNOR,  
WM. J. BRENNAN,  
RICHARD O. STARKEY,  
O. A. RIOPELLE,

Comstock and 100 shares owned by Caroline C. Haigh, valuation \$33,200, (W. 2, f. 602-3), said taxes having been erroneously levied for the year 1917 and taxes on said stock paid by owners in the Village of Dearborn; upon presentation of the proper receipt showing said taxes for said year to have been paid; and be it further

Haigh and on 30 shares of its stock held by Caroline C. #### Public Lighting and Claims and Accounts.

To the Honorable the Common Council: Gentlemen—

To your Joint Committees on Public Lighting and Claims and Accounts was referred the resolution presented by Ald. Ross at the session of January 15, (J. C. C. p. 39), relative to instructing the Public Lighting Commission and the Board of Education in regard to measures of economy for the conservation of fuel. Your committees have earnestly considered this matter, and find that the Public Lighting Commission has already cut some 900 lights on the down town streets and boulevards from their service, and are giving careful study to the situation with a view to further eliminating lights which may be deemed not wholly necessary to public safety. We have also investigated the situation in the city schools and find that same are in a position of comparative safety, with a few exceptions wherein daily deliveries of coal are relied upon, which must be closed if supplies are not regularly replenished. In view of the foregoing your committee recommend that the said departments be and they are hereby requested to do everything in their power to limit the use of coal, and further that the Board of Education be and is hereby requested to close the swimming pools and shower baths, together with recreation centers and all branches of activity not absolutely essential to the conduct of purely educational features.

#### Parks and Boulevards.

To the Honorable the Common Council: Gentlemen—To your Committee on Parks and Boulevards was referred a communication from the Department of Parks and Boulevards transmitting proposals for the construction of three convenience stations on the Grand Boulevard. Your committee find that all bids submitted for said construction exceed the amount of the appropriation for this purpose, and we therefore recommend that bids for same be rejected. It is the sense of your committee, however, that the question of public comfort stations is of extreme importance at this time, and we deem it of such urgency that we recommend that this matter be referred to the Committee on Ways and Means, and request their consideration upon the advisability of authorizing a transfer of funds in an amount sufficient to meet the additional sum required over and above the
