FRIDAY, AUG. 26, 1921.

Chairman Simons submitted the following reports of Committee of the Whole for above date and recommended their adoption:

Permits.

To the Honorable the Common Council: Gentlemen—To your Committee of the Whole was referred the petition of Ford Motor Co. (7764), for permission to construct and operate a 250-volt lighting service lead across Dequindre street, at intersection of right-of-way of Detroit Terminal R. R. Your Committee has consulted with the Public Lighting Commission, who recommend that the present 30-foot telephone poles to which wires will be attached, be replaced with two 40-foot poles on either side of Dequindre street; that telephone wires on said poles be lowered to give a clearance of at least four feet between telephone and lighting wires, and that a bond in the sum of \$5,000 be required. Your Committee recommends that the petition be granted in accordance with the foregoing conditions and offer the following resolution.

Respectfully submitted,
DAVID W. SIMONS,
Chairman.

By Councilman Simons:

Resolved, That the Department of Public Works be and is hereby authorized and directed to issue a permit to Ford Motor Co. to erect and maintain a 250-volt lighting service lead (consisting of two No. 4 insulated, copper wires, attached to telephone poles of Detroit Terminal R. R. on their right-of-way at the east and west sides of Dequindre street), said wires crossing Dequindre street at intersection of D., T. R. R.;

Provided, That said work shall be performed under the supervision of the Department of Public Works and the Public Lighting Commission; and further

Provided, That no permit shall be issued until after detailed plans for said construction shall have been submitted to and approved by the Public Lighting Commission; and further

Provided, That the construction of said service lead shall be in accordance with the requirements of the National Electrical Safety Code; and further

Provided, That at the east and west sides of Dequindre street the existing 30-foot poles now in use by Detroit Terminal R. R. shall be replaced by two 40-foot poles; and further

Provided, That the telephone wires now carried on the poles of the D., T. R. R. shall be lowered so as to give a clearance of at least four feet between telephone wires and the 250-volt lighting wires; and further

Provided, That the permit above referred to shall not become operative and authorize the crossing of De-
