

penditure of an additional \$4,490.00 is requested.

Before this is done, however, attention is called to the width of the dock provided for, between the warehouse and the river side end of the dock, which is 25 feet. This seems inadequate for trucks from 20 feet to 23 feet in length. This department is in no way directly interested in the width of this dock, but believes that your attention should be directed to this before final action is taken.

Respectfully submitted,
PUBLIC LIGHTING COMMISSION,
F. MISTERSKY,
General Superintendent.

By Councilman Watson:

From the Department of Probation

To the Honorable the Common Council:

Gentlemen—With the approval of Mr. Murphy, Superintendent of Buildings, we desire to place before you an emergency situation which obtains with respect to desks and equipment for the Probation Department of the Recorder's Court.

The staff of the department is paid by the County, while furniture and office equipment are supplied by the City of Detroit.

Prior to December 1st we were short both in desks and equipment. I find a petition addressed to my predecessor last October on this subject by members of the staff. After the new budget granted by the Board of Supervisors went into effect our staff was increased by twelve, consequently a need already existing for more desks and other equipment became much more acute.

It is for the reason stated above that we are now petitioning that the request for \$2,000.00 for furniture and new equipment for the Municipal Court's Building, requested by Mr. Murphy in the new budget, be made immediately available to meet this need.

I attach copy of a letter setting forth the detail of materials required and would welcome an opportunity to discuss our needs with you in person.

Respectfully yours,

FRED R. JOHNSON,

Chief Probation Officer.

By Councilman Watson:

Resolved, That the City Controller be and he is hereby authorized and directed to transfer the sum of \$2,000 from the Contingent Fund to account 507, Public Building Fund which amount is required to cover cost of furniture and new equipment for the Probation Department.

Yeas—Councilmen Bradley, Castator, Ewald, Kronk, Littlefield, Vernor, Watson and the President Pro Tem—8.

From the Department of Recreation

To the Honorable the Common Council:

Dear Honorable Sirs—In order that the Department of Recreation may provide an outlet for the al-

ley lying between Log Cabin Avenue and Fourteenth avenue north of the Fenkell School site, which was recently turned over to the Department of Recreation; we respectfully request that your Honorable Body dedicate the north 20 feet of lot 163 of Oakman Moross Subdivision, as recorded in Liber 26, Page 100 of Plats of Wayne County Records, to be used as a public alley. All other land dedicated within the confines of this piece of property to be vacated and used for playground purposes.

Trusting that this will receive your favorable consideration, I am,
Sincerely,

C. E. BREWER,

Commissioner of Recreation.
