To the Honorable the Common Council:

Gentlemen—On Dec. 7, 1925, I addressed to Your Honorable Body, a request that you initiate steps to secure by condemnation, title to a piece of unplatted acreage at the S. W. corner of Eight-Mile and Division Roads. This request was for a piece of property having a frontage of 150 feet on each highway, and Your Honorable Body, on Dec. 15, 1925, directed that condemnation proceedings be begun.

Before the necessary survey was begun, the rumors of making the Eight-Mile Road a Superhighway 204 ft. wide, were about and it was deemed best to delay the survey, pending official confirmation of the rumor.

We are now assured that the Eight-Mile Road and the new Northwestern Highway will both be 204 ft. wide and the property at said intersection is in process of platting.

We therefore request that Your Honorable Body rescind your action of Dec. 8, 1925, and direct that steps be taken to secure by condemnation, the property described below and shown on the accompanying blueprint, which in our belief is sufficient for our needs and interferes very little with proposed business frontages in that vicinity. This property is being developed by the Stormfeltz-Loveley Co., to be known as Blackstone Park No. 8. The information relating to this property was furnished by Mason L. Brown & Sons, Engineers for the Stormfeltz-Loveley Co., and a plat of the property will soon be submitted for official acceptance and record.

Beginning at a point in the West line of Greenfield Road, 222 ft. South of the North line of Sec. 1, T. 1 S. R. 10-E., thence South 264.26 ft. on West line of said road to a point,
