**La Salle Avenue Opening**

To the Honorable, the Common Council:

Gentlemen—To your Committee of the Whole was referred the matter of

opening La Salle avenue adjacent to the Roosevelt School site, and petition of Michael J. Gallagher (6463), offering to deed certain land for the opening of this street provided that the city will, at its own expense, pave the street 90 ft. in width and construct a 15-ft. sidewalk adjoining the curb on the east side from Lawrence to Webb avenues, with the understanding that the pavement shall not be widened in the future on the east side of the street nor the curb set back without the approval and consent of petitioner, also provided the city will vacate a portion of Burlingame avenue and alleys parallel thereto. Your committee also is advised that the Board of Education is willing to deed land for the widening of this street. After careful consideration of the entire matter, your committee recommends that this plan be carried out. We also recommend that all previous action relative to the widening of La Salle avenue be rescinded, and that the City Plan Commission make a study and recommendations as to the opening of this street across the Detroit Terminal R.
