Our investigations disclosed that it would be necessary for the petitioners to make various money reimbursements to City departments and private utilities to the extent of the damages incurred by the vacating of the street and alley.

We wish to report that the petitioners have deposited into the City treasury on Feb. 15, 1946, the following sums:

\$105.00, Receipt No. 43436, credited to Fire Dept. Fund Code No. 106-9400-0, for abandoning fire hydrant and plugging tee;

\$230.00, Receipt No. 43434, credited to Dept. of Water Supply Fund, Code No. 601-9300-0-508, for abandoning a water main and installing a blow-off;

\$53.50, Receipt No. 43435, credited to General Road Maintenance Fund, Code No. 143-6221-1, reimbursement for the cost of original paving of north and south alley at intersection of vacated alley.

We have received reports from all private utilities affected by the proposed vacating of the street and alley that they have made satisfactory agreements with the petitioners regarding their installations.
