

proved and recommended by the City Plan Commission in their communication to your Honorable Body of December 27, 1946, and the petition was then referred to this department by your Committee of the Whole for further investigation and report.

We wish to advise that all of our investigations have been completed. On May 20, 1947, Kramer Bros. Freight Lines, Inc., made the following payments into the City Treasury: a) \$670.00, Receipt No. 56718, credited to Public Lighting Commission Fund Code No. 123-9300-0-9, said amount being the estimated cost of rerouting P. L. C. overhead line facilities necessitated by the vacation of said alley; b) \$37.56, Receipt No. 56719, credited to Public Works Maintenance Fund Code No. 143-6221-1, to reimburse the City of Detroit for the original cost of paving the 20-foot east and west public alley north of Fort St. at the intersection of the alley requested to be vacated.

On May 20, 1947, Kramer Bros. Freight Lines, Inc., also deposited the sum of \$48.00 to the Permit Division of the Department of Public Works, Receipt No. 66486, said amount being the estimated cost of constructing a sidewalk on the south side of Savoy Avenue at the intersection of the alley requested to be vacated.

All other City departments and private utility companies reported that they will be unaffected by the proposed vacation, or that they have reached satisfactory agreements with the petitioners regarding their installations in said alley.

In view of the above, we recommend the adoption of the attached resolution.

Respectfully submitted,
ERNEST JONES,
Commissioner.

Department of Public Works

May 29, 1947.

To the Honorable, the Common Council:

Gentlemen—Your Committee of the Whole referred petition of Harry Slatkin et al (No. 2992), requesting the vacation of a 9-foot dead-end north and south public alley south of Clarita Avenue between Edinborough and Huntington Roads, and the creation of an easement in lieu thereof, to the Department of Public Works for further investigation and report.

This change was previously approved and recommended by the City Plan Commission in their communication to your Honorable Body of January 22, 1947.

We wish to advise that all of our investigations have been completed. In reply to our inquiries, all City departments and private utility companies reported that they will be unaffected by the proposed change, or that they have made satisfactory agreements with the petitioners regarding their installations in the alley proposed to be vacated.

We are in receipt of "grants of easements" executed by the owners in fee of the property abutting the alley requested to be vacated, giving the City of Detroit a perpetual right-of-way for the maintenance of the lateral sewer located in the alley, said easements having been approved as to form and execution by the Corporation Counsel.

The conversion of this alley into an easement conforms with Common Council resolution of November 13, 1945, J. C. C. Page 2230.

We recommend the adoption of the attached resolution.

Respectfully submitted,
ERNEST JONES,
Commissioner.
