

Department of Public Works

September 23, 1947.

To the Honorable, the Common Council:

Gentlemen — In response to the published advertisement, bids were received on September 22nd for the paving of Vaughan from Fenkell to Pilgrim, Contract PW-369, as follows:

Bidder	Amount
Julius Porath and Son Company	\$21,707.40
Cooke Contracting Company	21,751.55

The low bid submitted by Julius Porath and Son Company is regular in all respects and is in accordance with the requirements of the contract documents. The bid price is approximately 5% over the City Engineer's estimate, but is not considered out of line inasmuch as the work is to be done this fall. The property owners along the street have been advised that if this work is done in the late fall that prices undoubtedly would be higher than for summer construction.

It is therefore recommended that the contract be awarded to Julius Porath and Son Company in the amount of \$21,707.40, and that the Controller be authorized and directed to set up an account in the amount of \$22,700 to cover the cost of this contract and the cost of advertising, inspection and contingencies.

Respectfully submitted,
ERNEST JONES,
Commissioner.

By Councilman Van Antwerp:

Resolved, That the Commissioner of Public Works be and he is hereby authorized and directed to enter into contract with Julius Porath and Son Company for the paving of Vaughan from Fenkell to Pilgrim, in the amount of \$21,707.40; and be it further

Resolved, That the City Controller be and he is hereby directed to honor vouchers when presented and charge them against Account No. 911-2190-1161, the vouchers to include the cost of advertising, inspection, and contingency items, as well as the contract costs; and be it further

Resolved, That from cash not immediately required for capital improvement appropriations, there be loaned to the special assessment revolving fund the total amount of the above approved contract, such loan to be repaid from special assessments levied against the benefitted district or property or from the proceeds of Special Assessment Bonds payable from such special assessments.

Department of Public Works

September 18, 1947.

To the Honorable, the Common Council:

Gentlemen—Your Committee of the Whole referred petition of Manuel M. Hartman, et al (No. 3768), requesting the vacation of the 16 foot east and west public alley first north of Grand River Avenue between Burgess and Chapel Avenues to the Department of Public Works for investigation and report.

The vacation of this alley was previously approved by the City Plan Commission with the recommendation that the petitioners dedicate a parcel of land for alley purposes to be used in lieu of the alley vacated.

We wish to advise that all of our investigations have been completed.

We are in receipt of a warranty deed from Thomas J. Joyce, Jr. and Lucille S. Joyce, his wife, deeding land for alley purposes in accordance with recommendation of City Plan Commission and we are submitting it herewith for your Honorable Body's acceptance. Said deed was approved as to form and execution by the Corporation Counsel and as to description by the City Engineer.

On September 17, 1947, the petitioners deposited into the City Treasury the sum of \$2,650.00, Receipt No. 20746, credited to Public Lighting Commission Fund Code No. 123-9300-0 6190-481, said amount being the estimated cost of removing that department's street lighting equipment structures, necessitated by vacation of said alley.

On September 17, 1947, the petitioners deposited with the Permit Division of the Department of Public Works the sum of \$504.40, Receipt No. 71603, said amount being the estimated cost of stoning the deeded alley, installing drainage therein and constructing a sidewalk on west side of Chapel Avenue at entrance to alley proposed to be vacated.

All other City departments and private utility companies reported that they will be unaffected by the vacation of said alley or that they have reached satisfactory agreements with the petitioners regarding their installations therein.

In view of the above, we recommend the adoption of the attached resolution.

Respectfully submitted,
ERNEST JONES,
Commissioner.
