ceived on November 9, 1948 for lateral sewer 6599 in Vassar Drive from Fielding to Evergreen and thence to Votrobeck Drive, contract number PW-675, as shown on the attached tabulation.

To the Honorable, the Common Council:

Gentlemen—We are returning herewith petition of Rose Truck and Caster Company (No. 1397) requesting the vacation of Foley Avenue, between Strathmoor and Mark Twain avenues.

The vacation of said street was approved by the City Plan Commission in their communication to your Honorable Body of September 17, 1948, with the recommendation that petitioners deed a new 60 ft. street to be used in lieu of the street to be vacated. The petition was then referred to this office by your Committee of the Whole for investigation and report.

Please be advised that all of our investigations have been completed.

As per our directive, on November 17, 1948, the petitioner deposited into the City Treasury the sum of \$190. Receipt No. 29501, credited to Public Lighting Commission Fund, Code No. 123-9400-0; 6190-481, said amount being the estimated cost of removing P.L.C. wires, necessitated by the vacation of said street.

The petitioners also deposited with the Permit Division of the Department of Public Works the sum of \$2,684.10, Receipt No. 86447, said amount being the estimated cost of grading and stoning the newly dedicated street, installing drainage therein, constructing a paved return at entrance to said street on west side of Mark Twain avenue and of constructing sidewalks on the south side of the newly dedicated street.

We are in receipt of a Warranty Deed from Glen A. Rose and Ruth D. Rose, his wife, to the City of Detroit, deeding land for street purposes as per City Plan Commission recommendation. Said deed was approved as to form and execution by the Corporation Counsel and as to description by the City Engineer and we are attaching it hereto for your Honorable Body's acceptance.

In reply to our inquiries, all other City departments and private utility companies reported that they will be unaffected by the vacation of said street or that they have reached satisfactory agreements with the petitioners regarding their installations therein.

In view of the above, we recommend the adoption of the attached resolution.

Respectfully submitted,
