To the Honorable, the Common Council:

Gentlemen—We are returning herewith the petition of Louis Glasier, et al (Petition No. 7796) requesting the vacation of a portion of the east-west alley lying south of Fenkell Avenue and east of Livernois Avenue.

The vacating of said alley was approved by the City Plan Commission in their communication to your Honorable Body of July 15, 1949, with the recommendation that the petitioners dedicate land for the widening of the remaining portion of the alley north of Fenkell Avenue. The petition was then referred to this office by your Committee of the Whole for investigation and report.

Please be advised that all of our investigations have been completed.

We are in receipt of a quit claim deed conveying to the City property in accordance with the recommendation of the City Plan Commission and the Traffic Engineer. Said deed was approved as to form and execution by the Corporation Counsel and as to description by the City Engineer, and we are attaching it hereto for your Honorable Body's acceptance.

On October 5, 1949, the petitioner paid into the City Treasury the sum of \$172.05, Receipt No. 23272, credited to Public Works Maintenance Fund Code No. 143-6221-1, to reimburse the City of Detroit for the original cost of paving the east ½ of Livernois Avenue, at the intersection of the alley requested to be vacated.

On October 5, 1949, the petitioners deposited with the Permit Division of the Department of Public Works the sum of \$832.45, Receipt No. 99213, said amount being the estimated cost of removing the paved return at the entrance to the alley to be vacated, and reconstructing curbing and sidewalks incidental thereto, stoning the newly dedicated alley and constructing a paved return at the entrance to the new alley.

Proper provisions are incorporated into the vacating resolution protecting the City's interests in the sewer located in the alley to be vacated.

November 22

In reply to our inquiries, all other City Departments and privately owned utility companies reported that they will be unaffected by the vacation of said alley, or that they have reached satisfactory agreements with the petitioners regarding their installations therein.

In view of the above, we recommend the adoption of the attached resolution.

Respectfully submitted,  
CARL D. WARNER,  
Commissioner.
