

First Endorsement

Chief of Detectives to the Superintendent, January 9, 1950: Read and forwarded for your information.

JACK HARVILL,
Chief of Detectives.

Received and placed on file.

Department of Public Works

January 6, 1950.

To the Honorable, the Common Council:

Gentlemen—Your Committee of the Whole referred to this office for investigation and report the petition of the Board of Education requesting the vacation of the alley south of Putnam Avenue and east of Third Avenue within the limits of the Engineering Building Site. The vacation of said alley was approved by the City Plan Commission in their communication to your Honorable Body of November 23, 1949.

Please be advised that all of our investigations have been completed.

As per our directive, the Board of Education paid into the City Treasury the sum of \$141.96, credited to Public Works Maintenance Fund Code No. 143-6221-1, to reimburse the City of Detroit for the original cost of paving the south half of Putnam Avenue at the intersection of the alley to be vacated.

The Board of Education advised us by letter, filed with the original petition, that their building contract calls for the removal of the paved alley return at the entrance to the alley to be vacated, and the reconstruction of curbing and sidewalks. A deposit to cover these costs is therefore unnecessary.

In reply to our inquiries, all other City departments and privately owned utility companies reported that they will be unaffected by the vacation of said alley or that they would remove their installations at no expense to the Board of Education.

In view of the above, we recommend the adoption of the attached resolution.

Respectfully submitted,
CARL D. WARNER,
Commissioner.

Board of Education

To the Honorable, the Common Council:

Gentlemen—The Board of Education has acquired all the property on the south side of Putnam between Second and Third, and is now constructing a building for the Engineering College on this site. The third section of this building (the first two are now nearing completion) will extend across the alley running north and south just east of Third Avenue. The Board of Education owns all the

property on both sides of that portion of the alley in question, and entrance and egress from the remaining portion of the alley will remain open to Warren Avenue. The Common Council is respectfully requested to vacate that portion of the alley referred to between Putnam and the east-west transverse alley between Second and Third, in order to permit the construction of this third section of the Engineering Building. A detailed plan showing this construction and the portion of the alley to be vacated is attached hereto.

Secretary and Bus. Mgr.

The vacation of this alley was previously approved and recommended by the City Plan Commission in their communication to your Honorable Body of October 13, 1949.
