Honorable Common Council:

Gentlemen—We are returning herewith the petition of the Langlois Tool and Die Corporation (Petition No. 6229), requesting the vacation of a portion of the north-south public alley, north of Intervale Avenue between Washburn and Wyoming Avenues. The vacation of said alley was approved by the City Plan Commission and the petition was referred to this office by your Committee of the Whole for investigation and report.

Our investigations are completed and they disclose that no City department is affected by the vacation. The only privately owned utility company involved is the Detroit Edison Company, which reported that it has reached a satisfactory agreement with the petitioners regarding its installations in the alley to be vacated.

We recommend the adoption of the attached resolution.

Respectfully submitted,

CARL D. WARNER

Commissioner.

By Councilman Beck:
