Gentlemen—Your Committee of the Whole referred to this office for investigation and report the petition of the Department of Parks and Recreation requesting the vacation of Greydale Avenue south of Verne Avenue and the vacation of the north-south alley located east of Lahser Avenue and north of Puritan Avenue, within the limits of a playground site. The vacation of said street and alley was approved by the City Plan Commission with the recommendation that the south thirty-three feet of the playground site be allocated for the widening of Puritan Avenue between Burgess and Lahser Avenues.

Please be advised that all of our investigations are completed.

In reply to our inquiries all City departments and privately owned utility companies reported that they will be unaffected by the changes.

As the vacation of the street and alley is necessary for a more effective

Honorable Common Council:

Gentlemen—Your Honorable Body, acting on the petition of property owners, authorized the preparation of plans for lateral sewers 6681 (Common Council Resolution April 4, 1950); 6716 (Common Council Resolution September 12, 1950); 6719 (Common Council Resolution October 10, 1950); and 6718 (Common Council Resolution October 3, 1950); and the tentative assessment rolls.

The latter have been transmitted to the City Treasurer for collection of 25 percent of the costs as required by Ordinance.

The City Treasurer advises us that as of February 7, 1951, no deposits have been made on sewers 6681 and 6718 and only partial deposits on sewers 6716 and 6719. The 60-day limit of time required by Ordinance has long been expired. We, therefore, recommend that your Honorable Body rescind the resolutions authorizing the Commissioner of Public Works to proceed with the construction of the sewers. It is also recommended that your Honorable Body authorize the City Treasurer to refund those deposits which have been made.

Respectfully submitted,

CARL D. WARNER, Commissioner.

Honorable Common Council:

Gentlemen—Your Committee of the

Whole referred to this office for investigation and report the petition of Genevieve Hammond, et al (Petition No. 3585), requesting the conversion into an easement of a portion of the north-south alley east of Daniels Avenue at Devereaux Avenue. The vacation of said alley was approved by the City Plan Commission in their communication to your Honorable Body of December 8, 1950.

Our investigations are completed. In reply to our inquiries all privately owned utility companies and all City departments, except the Department of Water Supply, reported that they have no objections to the conversion of the alley into an easement. The Department of Water Supply has a six-inch water main in the subject alley and requested that a special provision be made in the resolution requiring the reversionary owners to keep the easement accessible to it at all times. Such provision is incorporated in the resolution.

The conversion of said alley into an easement conforms with Common Council resolution of November 13, 1945, J.C.C. page 2230.

We recommend the adoption of the attached resolution.

Respectfully submitted,

CARL D. WARNER, Commissioner.

By Councilman Garlick:

and over said easement for the purposes above set forth;

Second, said owners for their heirs and assigns further agree that no buildings or structures of any nature whatsoever shall be built or placed upon said easements or any part thereof, so that said easements shall be forever of easy access for the purposes named above.
