Honorable Common Council:

Gentlemen — The petitions of J. Ottie Taylor, et al (No. 261), Luvisch Building Corporation, et al (No. 6482), Marvin J. Schroeder, et al (No. 7990), and Isadore H. Kolodney, et al (No. 8627), requesting the conversions into easements of the alleys at the various locations described in the attached resolution, were referred to this office by your Committee of the Whole for investigation and report and are returned herewith.

The conversion of said alleys into easements was approved by the City Plan Commission at an earlier date.

We wish to advise that our investigations are completed. In reply to our inquiries, all City departments and privately owned utility companies reported that they will be unaffected by the changes or that they have no objection to the conversion of the alleys into easements provided that proper provisions are incorporated into the vacating resolution protecting their interests in the installations located in the alleys.

We recommend the adoption of the attached resolution.

Respectfully submitted,

Honorable Common Council:

Gentlemen—We are returning herewith the petition of the Salem Norwegian Lutheran Church (535) requesting the vacation of the alley in block bounded by Griggs Avenue, Midland Avenue and James Couzens Highway. The vacation of said alley was approved by the City Plan Commission in their communication to your Honorable Body of March 25, 1952. The petition was then referred to this office by your Committee of the Whole for investigation and report.

We wish to advise that our investigations are completed.

As per our directive, on May 2, 1952, the petitioner paid into the City Treasury the sum of \$283.45, Receipt No. 55910, credited to Public Works Maintenance Fund Code No. 143-6221-1, to reimburse the City of Detroit for the original cost of paving the east one-half of Griggs Avenue and the north one-half of Midland Avenue at the intersection of the alley to be vacated.

The petitioner requested that the

paved returns at the entrance to the alley to be vacated remain in their present status as they intend to utilize same and by letter, filed with the original petition, have agreed with the all costs incident to the removal of said return at such time as its removal becomes necessary, either at the City's or at the petitioner's request.

A proper provision is incorporated into the the vacating resolution protecting the City's interests in the sewer located in the alley to be vacated.

In reply to our inquiries all other City departments and privately owned utility companies reported that they will be unaffected by the vacation of said alley or that they have reached satisfactory agreements with the petitioner regarding their installations therein.

We recommend the adoption of the attached resolution.

Respectfully submitted,
CARL D. WARNER,
Commissioner.
