

tives from the Civil Service Commission, the City Controller's Office, and the Police Department.

The specifications, salary schedules, and hiring procedures for these positions have been approved by all three departments. Therefore, in order to bring this plan to its final completion, I respectfully request that your Honorable Body approve the civilian position of Police Cadet in the Police Department Budget, with a salary schedule running from a minimum of \$3,000.00 per annum to a maximum of \$3,700.00 per annum with permission to hire employees of 18 years of age or older at a minimum salary of \$3,200.00 per annum. No additional funds will be necessary to pay for these positions for the balance of the fiscal year.

Respectfully submitted,
DOUGLAS R. GINN,
Deputy Commissioner.

Civil Service Commission
DONALD J. SUBLETTE,
Secretary & Chief Examiner.

Approved:
E. P. RIEHL,
Deputy Controller.

By Councilman Beck:

Resolved, That the Official Compensation Schedule be amended to include the title of Police Cadet at the annual rate of \$3,000.00 to \$3,700.00, with six month increments of \$100.00 to be administered according to the general rules governing step increments; and be it further

Resolved, That inductees in the above class who have reached their eighteenth year of age may be hired at the rate of \$3,200.00, and those already employed may upon reaching their eighteenth year, be entitled to the same rate of \$3,200.00 per annum subject to all increments according to the step increment plan; and be it further

Resolved, That employees in the above class shall not be eligible for premium pay for afternoon and night shift work since the above rate of pay was designed to include compensation for such inconvenience which is an essential factor in the job content; and be it further

Resolved, That the City Controller be authorized to honor payrolls when presented in accordance with the above resolution.

Department of Public Works
December 15, 1953.

Honorable Common Council:
Gentlemen—The petition of the Goebel Brewing Company requesting

the vacation of Rivard Street, south of Maple Street, Sherman Street, west of Russell Street, and the adjacent alleys, was referred to this office by your Committee of the Whole for investigation and report. The vacation of said streets and alleys was considered as part of the City's agreement with the petitioner in the matter of the Gratiot Redevelopment Plan, and was approved by the City Plan Commission and the Detroit Housing Commission.

Our investigations disclose the following City departments to be affected by the vacation of the streets and alleys:

(a) Department of Water Supply: This department's 10 inch water main in Rivard Street is affected by the vacation of the streets. An easement, acceptable to the Board of Water Commissioners, was executed by the Goebel Brewing Company protecting the department's interest in the main. In addition, the petitioner deposited \$5,127.50 into the City treasury said amount being the estimated cost of making other revisions in the water system necessitated by the vacations.

(b) Fire Department: This Department's telegraph and water systems are affected by the vacation of the streets and alleys. The petitioner deposited the sum of \$3,400.00 to cover the cost of relocating fire hydrants, telegraph wires, and incidental work.

(c) Public Lighting Commission: It will be necessary for this department to replace its overhead lines with underground cable in Rivard Street, south of Maple Street. The petitioner deposited the sum of \$10,000.00 with the City treasurer to cover the expense incurred by the Public Lighting Commission in doing the necessary work.

(d) Department of Public Works: A proper provision is incorporated into the vacating resolution protecting the City's interests in the sewers located in the vacated area. The petitioner requested that the paved returns at the entrance to the vacated street and alley, south of Maple Street, remain in its present status as they intend to utilize same in connection with their business, and have agreed (by letter filed with the original petition) to pay all costs incident to the removal of said returns at such time in the future as the removal becomes necessary, either at the City's or the petitioner's request. In addition, the sum of \$1,318.68 was paid into the City treasury to reimburse the City for the original cost of paving the intersecting streets and alleys in the vacated area.

All other City departments and privately owned utility companies reported that they will be unaffected by the vacation of the streets and alleys or that they have reached sat-

isfactory agreements with the petitioner regarding their installations.

We recommend the adoption of the attached resolution.

Respectfully submitted,

CARL D. WARNER, Commissioner.

Department of Public Works
December 11, 1953.

Honorable Common Council:

Gentlemen—In response to published advertisements bids were received on December 8, 1953, for the construction of Lateral Sewer No. 6832 in the block bounded by Whitcomb, Sussex, Grand River and Lyndon Avenues, Contract PW-2123. Nine (9) bids were received as listed on the attached tabulation.

The low bid was regular in all respects and in accordance with the contract requirements. It is recommended that the low bidder, Gino Ianni, be awarded the contract in the amount of \$7,464.00.

In addition to the contract price it is estimated that \$386.00 will be required to cover the cost of advertising, inspection, and minor contingencies, making the total funds required \$7,850.00.

It is further recommended that the Controller be authorized and directed to set up accounts in the amounts stated above to cover the contract cost and the cost of advertising, inspection, and minor contingencies.

Respectfully submitted,
CARL D. WARNER,
Commissioner.

By Councilman Beck:

Resolved, That the bid of the foregoing contractor be and the same is hereby approved and accepted; and be it further

Resolved, That the said bid shall remain firm until the special assessment roll for the construction of the lateral sewer has been duly approved and confirmed; and be it further

Resolved, That thereupon the Commissioner of Public Works be and he is hereby authorized and directed to enter into contract with the bidder listed above in accordance with the proposal, plans and specifications, subject to confirmation and approval by the Common Council; and be it further

Resolved, That payment will be made to the contractor for the assessed portion of the contract only from special assessments levied for said purpose or from the proceeds of the sale of special assessment bonds, and that payment for the City portion, if any, shall be paid from the lateral sewer City portion fund within the General Fund. Partial or periodic payments during the course of construction shall not be authorized unless such assessments have been collected or special assessment bonds sold and delivered; and be it further

Resolved, That in the preparation of the City Engineer's final cost statement for the payment of the contract cost of the lateral sewer, any deductions or additions to the original contract shall be adjusted in the City portion of the contract so that the original assessment roll previously confirmed and levied shall not be changed, provided that when such deduction or addition in the assessment portion exceeds 1 percent of the contract price thereof, this procedure must be approved by the Common Council.

Adopted as follows:

Yeas—Councilmen Beck, Connor, Garlick, Kronk, Rogell, Smith, Van Antwerp, Youngblood, and President Miriani—9.

Nays—None.
