Department of Public Works

March 31, 1954.

Honorable Common Council:

Gentlemen—Your Committee of the Whole referred to this office for investigation and report the petition of the Detroit Construction Company, Petition No. 4685, requesting the vacation of Rockdale Avenue, from the south line of Outer Drive to the north line of Glendale Avenue. The vacation of said street was approved by the City Plan Commission.

We wish to advise that our investigations are completed.

As per our directive, on March 26, 1954, the petitioner deposited into the City Treasury the sum of \$1,989.28, Receipt No. B 41508, credited to Department of Water Supply, Code No. 601-9300-0-6290-608, said amount being the estimated cost of abandoning the water main in said street, and the reimbursement for their remaining equity in the water main to be abandoned.

A proper provision is incorporated into the vacating resolution protecting the City's interests in the sewer and water main located in the portion of Rockdale Avenue to be vacated.

All other City departments and privately owned utility companies reported that they will be unaffected by the vacation of said street, or that they have reached satisfactory agreements with the petitioners regarding their installations therein.

We recommend the adoption of the attached resolution.

Respectfully submitted,
CARL D. WARNER,
Commissioner.
