

\$9,791.00, of which \$8,876.00 was in the Assessment Portion, and \$915.00 was in the City Intersection Portion.

Subsequent to the award of the Contract, a Contract Change was issued for additional excavation. This increased the Contract by \$712.00. The Assessment Roll was also corrected, increasing the Assessment Portion of the Contract to \$9,588.00, the City Portion of the Contract remaining at \$915.00.

Under the provisions of the resolution authorizing the Contract, any deductions or additions in the Assessment Portion exceeding one percent must be approved by the Common Council before the adjustment of the difference is applied to the City Intersection Portion.

When the final measurements, based on actual construction, were made, a deduction of \$125.00 in the previous estimated construction costs resulted in the Assessment Portion. This amounts to approximately 1.3 percent of the revised Assessment Portion. It is recommended that the adjustment be made by deducting the \$125.00 from the City Intersection Portion, and that the revised Assessment Portion remain unchanged.

Respectfully submitted,

GLENN C. RICHARDS, Commr.

By Councilman Connor:

Honorable Common Council:

Gentlemen—Your Committee of the Whole referred to this office for investigation and report the petition of Stanley Nebroski, Petition No. 4014, requesting the vacation of Shaw Avenue, between Michigan Avenue and the east-west alley first north of Michigan Avenue. The vacation of said street was approved by the City Plan Commission.

We wish to advise that our investigations are completed.

As per our directive on November 11, 1955, the petitioner deposited into the City Treasury the sum of \$1,132.39, Receipt No. 15440, credited to Department of Water Supply Fund Code No. 601-9400-0-6290-608, said amount being estimated cost of abandoning a water main and plugging a tee necessitated by the vacation of said street.

The petitioner requested that the paved return at the entrance to the vacated street remain in its present status as the petitioner plans to utilize same, and has agreed, by letter filed with the original petition, to pay all costs incidental to the removal of the return at such time in the future as the removal becomes necessary.

All other City departments and privately owned utility companies reported that they will be unaffected by the vacation of said street, or that they have reached satisfactory agreements with the petitioner regarding their installations therein.

We recommend the adoption of the attached resolution.

Respectfully submitted,

GLENN C. RICHARDS,
