Honorable Common Council:

Gentlemen—We are returning herewith the petition of the Board of Education (5220), requesting the vacation of Adelaide St., between Brush and Beaubien Street. The vacation of said street was approved by the City Plan Commission and the petition was referred to this office by your Committee of the Whole for investigation and report.

In making our usual investigations, we found the following departments affected by the vacation of Adelaide Street:

a) Department of Water Supply: This department acknowledged receipt of a purchase order (No. 85655) in the amount of \$7,500.00 to cover the cost of abandoning, rerouting, and increasing the capacity of water mains in the vicinity of the street to be vacated.

b) Department of Public Works: A purchase order (No. 89312), in the amount of \$1,900.00, being the estimated cost of removing paved returns and installing curbing and sidewalks on the east side of Brush Street and the west side of Beaubien Street at the intersection of Adelaide Street to be vacated was issued by the Board of Education in favor of the Department of Public Works.

Proper provisions are incorporated in the vacating resolution protecting the City's interests in the sewer located in the street to be vacated.

All other City departments and privately owned utility companies reported that they will be unaffected by the vacation of said street or that they would remove their installations at no cost to the Board of Education.

We recommend the adoption of the attached resolution.

Respectfully submitted,
GLENN C. RICHARDS,
 Commissioner.

Honorable Common Council:

Gentlemen—Your Committee of the Whole referred to this office for investigation and report the request of the Department of Parks and Recreation for the vacation of a portion of Rockdale Avenue north of Kendall Avenue within the limits of a playground site. The vacation of said street was approved by the City Plan Commission with the recommendation that land be allocated for turn around purposes north of the portion of street to be vacated.

We wish to advise that our investigations are completed.

The Department of Parks and Recreation issued an Interdepartmental Purchase Order (No. 18584) in the amount of \$525.00, in favor of the Department of Public Works, said amount being the estimated cost of constructing sidewalk and curb, north of Kendall Avenue at the intersection of Rockdale Avenue, necessitated by the vacation of the street.

An easement is reserved in the vacating resolution for the Department of Water Supply for the maintenance of its water main located in Rockdale Avenue.

All other City departments and privately owned utility companies reported that they will be unaffected by the vacation of said street.

As the vacation of the street is necessary for the proper utilization of the recreation site, we recommend the
