Honorable Common Council:

Gentlemen—We are returning herewith the petition of the Detroit Housing Commission requesting the vacation of portions of streets and alleys within the limits of the Gratiot Redevelopment Project. The vacation of said portions of streets and alleys was approved by the City Plan Commission and the petition was then referred to this office by your Committee of the Whole for investigation and report.

We wish to advise that our investigations are completed.

At the request of the Housing Commission, an easement is reserved in the resolution vacating said portions of streets and alleys, protecting all City and privately owned utilities.

All necessary work to be done in connection with the vacation of the portions of streets and alleys will be paid for by the Detroit Housing Commission as part of the Gratiot Redevelopment Project cost.

We recommend the adoption of the attached resolution.

Respectfully submitted,

Honorable Common Council:

Gentlemen—Contract PW-2693F is for paving the alley in block bounded by Trinity, Burt Road, Grand River, and McNichols. John Longo and Company is the Contractor. The total amount of the accepted proposal was \$4,138.00, of which \$3,242.00 was in the Assessment Portion, and \$896.00 was in the City Intersection Portion.

The Assessment Roll was based on the amount stated in the Assessment Portion of the accepted proposal, or \$3,242.00.

Under the provisions of the resolution authorizing the Contract, any deductions or additions in the Assessment Portion exceeding 1 percent must be approved by the Common Council before the adjustment of the difference is applied to the City Intersection Portion.

When the final measurements based on actual construction were made, a deduction in the Assessment Portion of \$85.40 resulted. This amounts to approximately 2.6 percent of the Assessment Portion of the construction costs.

Respectfully submitted,

GLENN C. RICHARDS,

Commissioner.
