Honorable Common Council:

Gentlemen—In response to published advertisements one bid was received on April 3, 1956, for Garbage Grinding Plant Equipment Improvements, Contract PW-2139A.

The single bid received was from the Acme Conveyor and Oven Company in the amount of \$63,590.00. This bid was regular in all respects, and in accordance with the Contract requirements.

The price submitted has been reviewed and determined to be fair and reasonable for the work involved. This bidder is the same one that installed the previous equipment and is thoroughly familiar with the work.

It is recommended that the Contract be awarded to the Acme Conveyor and Oven Company in the amount of \$63,590.00. In addition to the Contract price it is estimated that \$1,410.00 will be required to cover the cost of advertising, inspection, and minor contingencies, and \$600.00 to cover the cost of work to be done by City utilities, making the total funds required \$65,600.00, which are available in Account 144-2490-904.

Respectfully submitted,
GLENN C. RICHARDS,
Commissioner.

Honorable Common Council:

Re: Sidewalk Assessment

Gentlemen—On December 27, 1955, your Honorable Body confirmed sidewalk assessment Roll 387-C.

Since that time a reinvestigation revealed that an error was made by billing work against property known as Lot 103, 8429 Elgin, Complaint No. 181703, Bill No. 56557 that should not be billed due to a portion of this footage being on an adjoining parcel of property.

We therefore offer the following resolution to reflect the correct billing.

Respectfully submitted,
GLENN C. RICHARDS,
Commissioner.

By Councilman Wise:

Resolved, That Bill No. 56557 against 8429 Elgin be reduced 39 square feet of 6-inch thick drive at \$.53 per square foot, total \$20.67, said amount to be charged to Account No. 143-2140-301.

Honorable Common Council:

Gentlemen—Your Committee of the Whole referred to this office for investigation and report, the petition of James Messana and W. H. Churchill, Petition No. 5299, requesting the va-

vacation of a portion of east-west public alley, south of Chandler Park Drive, east of Lakewood Avenue. The vacation of said portion of alley was approved by the City Plan Commission in their communication to your Honorable Body of September 7, 1955. We wish to advise that our investigations are completed.

As per our directive the petitioner paid into the City Treasury the sum of \$265.80, Receipt No. B-38990, credited to the Public Works Maintenance Fund, Code No. 143-6221-1, to reimburse the City for the original cost of paving the east 1/2 of Lakewood Avenue at the intersection of the alley to be vacated.

On April 9, 1956, the petitioner deposited with the Permit Division of the Department of Public Works the sum of \$500.00, Receipt No. 71909, said amount being the estimated cost of constructing straight curb and sidewalk, and removing the paved alley return at the entrance to the alley to be vacated.

A proper provision is incorporated into the vacating resolution protecting the City's interests in the sewer located in the portion of alley to be vacated.

All other City departments and privately owned utility companies reported that they will be unaffected by the vacation of said portion of alley.

We recommend the adoption of the attached resolution.

Respectfully submitted,
GLENN C. RICHARDS,
Commissioner.
