Honorable Common Council:

Gentlemen—Kingsville Avenue from Linville to Harper is on the border line between Detroit and Harper Woods; the center line of the street being the dividing line.

The City of Harper Woods is agreeable to join with the City of Detroit in paving this street as a joint project, provided that the surface drainage from the paved surface be taken by Detroit sewers at no cost until the pavement drains in Kingsville Avenue can be connected to a new trunk sewer to be constructed by Harper Woods next year.

In order to have this very desirable paving job completed this year, it is recommended that the customary sewage charge for outside communities be waived until September 1, 1957.

If the Harper Woods sewer is not ready at that time, the regular sewage charges will be then put into effect.

Your approval of this arrangement is respectfully requested.

Respectfully submitted,

GLENN C. RICHARDS,
Commissioner.
