### Department of Public Works

December 14, 1956.

Honorable Common Council:

Gentlemen—We are returning herewith the petition of the Putnam Tool Company, No. 9928, requesting the vacation of the east-west alley in the block bounded by Jos. Campau, McDougall, Arndt, and Charlevoix Avenues. There is also returned a supplement to the above petition requesting the vacation of a portion of the north-south alley first west of McDougall Avenue, south of Arndt Avenue. The vacation of said alleys was approved by the City Plan Commission with the recommendation that the petitioner deed sufficient land to the City to widen the remaining portion of the north-south alley to 30 feet. The petition was then referred to this office by your Committee of the Whole for investigation and report.

We wish to advise that our investigations are completed.

As per our directive the petitioner deposited with the City Treasurer the sum of \$940.00, Receipt No. C-18835, credited to the Department of Water Supply Fund Code No. 600-0000 (6232) 001, said amount being the cost of abandoning an existing 6-inch water main and to remove and reset an existing blow off assembly necessitated by the vacation of said alleys.

The petitioner deposited with the City Treasurer the sum of \$250.00, Receipt No. C-18836, credited to the Public Lighting Commission Fund Code No. 990-9423, said amount being the estimated cost of adjusting this department's pole and wire structure due to the vacation of said alleys.

The petitioner also deposited with the Permit Division of the Department of Public Works the sum of \$450.00, Receipt No. 78811, said amount being the estimated cost of constructing new alley return adjacent to the existing 20-foot return and to install curb, walk and asphalt wearing surface

necessitated by the vacation of said alleys.

A proper provision is incorporated into the vacating resolution protecting the City's interests in the sewers located in the alleys to be vacated.

We are in receipt of a Warranty Deed from the Putnam Tool Company to the City of Detroit deeding land for alley purposes in accordance with the City Plan Commission's recommendation. Said deed was approved as to form and execution by the Corporation Counsel and as to description by the City Engineer, and it is attached hereto for your Honorable Body's acceptance.

All other City departments and privately owned utility companies reported that they will be unaffected by the vacation of said alleys or that they have reached satisfactory agreements with the petitioner regarding their installations therein.

We recommend the adoption of the attached resolution.

Respectfully submitted,

GLENN C. RICHARDS,  
Commissioner.
