eral Sewer 6921 in R/W W. of
Schaefer, S. of Fullerton. Ad-
justed Contract Price: \$8,-
274.00. Contractor: Mole Con-
struction Company.

Re: Contract: PW-2837. For: Re-
capping Palmer from McDou-
gall to VanDyke. Adjusted
Contract Price: \$80,812.57.
Contractor: Louis Garavaglia.

This is to certify that all work re-
quired of the Contractor in the per-
formance of this Contract has been
fully completed and found accept-
able under the terms and conditions
thereof, and that the total value of
such completed work, including all
Contract Changes duly issued, is that
stated above as the Adjusted Con-
tract Price.

The Contractor has submitted an
affidavit that all payrolls, material
bills, and all other indebtedness in-
curred by him in connection with
the work have been paid.

It is therefore recommended that
the total value of the work, as above
stated, less the total amounts pre-
viously paid on all progress pay-
ments, be paid to the Contractor
with the understanding that such
payment is made by the City and ac-
cepted by the Contractor under the
Contract provisions covering final
payment.

JOHN S. PERCIVAL,
Eng. of Tests and Inspection.

M. F. WAGNITZ,
City Engineer.

GLENN C. RICHARDS,
Commissioner.

Honorable Common Council:

Gentlemen—We are returning here-
with the petition of Irma DeBacker,
Petition No. 10030, requesting the va-
cation of a portion of north-south
alley south of Signet Avenue, between
Conner and Anderdon Avenues. The
vacation of said portion of alley was
approved by the City Plan Commis-
sion with the recommendation that

the petitioner deed a new alley outlet
into Conner Avenue to prevent a
dead-end condition of the remaining
alley. The petition was then referred
to this office by your Committee of
the Whole for investigation and re-
port.

We wish to advise that our investi-
gations are completed.

On April 25, 1956, the petitioner
deposited with the Permit Division of
the Department of Public Works the
sum of \$1,000, Receipt No. 72423, said
amount being the estimated cost of
paving newly deeded alley and in-
stalling a new alley return at the en-
trance thereto. The alley is to be
paved under the Forced Paving Clause
and the entire cost to be assessed to
the petitioner. As the amount of the
assessment is not known at this time
it is the recommendation of this
office that the above-mentioned de-
posit be refunded to the petitioner.

A proper sewer provision is incorpo-
rated into the vacating resolution pro-
tecting the City's interests in the
sewer located in the portion of alley
to be vacated.

We are in receipt of a Quit Claim
Deed whereby petitioner dedicated
land for an alley outlet in accordance
with the City Plan Commission's
recommendation. Said deed was ap-
proved as to form and execution by
the Corporation Counsel and as to
description by the City Engineer, and
it is attached hereto for your Hono-
rable Body's acceptance.

All other City departments and
privately owned utility companies re-
ported that they will be unaffected
by the vacation of said alley or that
they have reached satisfactory agree-
ments with the petitioner regarding
their installations therein.

We recommend the adoption of the
attached resolution.

Respectfully submitted,
GLENN C. RICHARDS,
Commissioner.
