Department of Public Works

June 13, 1957.

Honorable Common Council:

Gentlemen — We are returning herewith the petition of the General Motors Corporation No. 10608, requesting the vacation of the public alley north of Hussar Avenue west of Dragoon Avenue and the public alley south of Hussar Avenue east of Dragoon Avenue. The petition was approved by the City Plan Commission and was referred to this office by

Your Committee of the Whole for investigation and report.

We wish to advise that our investigations are completed.

As per our directive on June 12, 1957, the petitioner paid into the City Treasury the sum of \$1,098.00 Receipt No. C-30068, credited to the Public Works Maintenance Fund, Code No. 143-0000 (6241), said amount being the original cost of paving the south ½ of Hussar Avenue at the intersection of the alley to be vacated east of Dragoon Avenue and the north ½ of Hussar Avenue at the intersection of the alley to be vacated west of Dragoon Avenue.

An easement is reserved in the vacating resolution for the Public Lighting Commission for the maintenance of its installations located in the alley to be vacated in the alley north of Hussar Avenue and west of Dragoon Avenue.

The petitioners requested that the paved returns at the entrances to the vacated alleys remain in their present status as the petitioner plans to utilize same, and has agreed, by letter filed with the original petition, to pay all costs incidental to the removal of the returns at such time in the future as the removal becomes necessary.

Proper provisions are incorporated into the vacating resolution protecting the City's interests in the sewers located in the alleys to be vacated.

All other City departments and privately owned utility companies reported that they will be unaffected by the vacation of said alleys.

We recommend the adoption of the attached resolution.

Respectfully submitted,
GLENN C. RICHARDS,
Commissioner.

By Councilman Lincoln:

1. An easement or right-of-way is hereby reserved in and over the alley north of Hussar Avenue between Livernois and Dragoon Avenues, for the purpose of maintaining, repairing, removing, or replacing the Public Lighting Commission's facilities located in said alley;

2. No building or structure of any nature whatsoever shall be constructed over said easement unless prior approval therefor is obtained from the Public Lighting Commission;

3. Provided, That if a building is to be constructed over said sewers, the sewers shall be replaced with cast iron pipe of the same size, rerouted or encased in 6 inches of Class "A" concrete, or in lieu of the above, such work shall be done as will be specified by the City Engineer, all of the work mentioned to be done under the supervision and inspection of the Department of Public Works and all costs entailed to be borne by the petitioners, their successors, or assigns; and further

5. Provided, That no building shall be constructed over said sewers without the prior approval of such building construction by the City Engineer and the Department of Buildings and Safety Engineering; and further

Department of Public Works

Honorable Common Council:

Gentlemen—The following petitions have been approved on various dates by resolutions of your Honorable Body. All petitions were for encroachments into City property and because no bond or liability insurance policy was filed with the office of the City

The Department of Public Works therefore requests your Honorable Body to rescind the resolutions as granted and consider the plans of petitioners as having been suspended.
