Honorable Common Council:

Gentlemen — Your Committee of the Whole referred to this office for investigation and report the petition of Harry Slatkin Builders, Inc., et al, No. 12533, requesting the vacation of the north four feet of the 30-foot east-west alley south of Eight Mile Road and west of Trinity Avenue. The petition was approved by the City Plan Commission in their communication to your Honorable Body of June 20, 1957.

We wish to advise that our investigations are completed.

As per our directive on July 25, 1957, the petitioner paid into the City Treasury the sum of \$50.88, Receipt No. C-3327, credited to the Department of Public Works Maintenance Fund Code No. 143-0000(6241), said amount being the original cost of paving the west ½ of Trinity Avenue at the intersection of the portion of the alley to be vacated.

All other City departments and privately-owned utility companies reported that they will be unaffected by the vacation of said portion of alley.

We recommend the adoption of the attached resolution.

Respectfully submitted,
GLENN C. RICHARDS,
Commissioner.

Honorable Common Council:

Gentlemen—The Oakland County Drain Commissioner has requested permission to pass sanitary sewage into the Detroit sewer system at Hessel and Southfield through the sewer built in Southfield by the Hudson-Webber Land Company. Our Agreement to take the Northland Gardens flow was for 2.0 cubic feet per second with the provision that the flow could be increased to a maximum flow of 7.5 cubic feet per second.

Oakland County is now asking for an increase of 0.95 cubic feet per second which will include 0.40 c.f.s. from a new Michigan Bell Telephone building employing 2,600 people and 0.55 c.f.s. from a new 1,500 pupil Junior High School together with a small adjacent subdivision.

This small increase in flow conforms with our thinking in providing for increases in the Northland Gardens Agreement. The work would be entirely at the expense of Oakland County; they would pay the cost of transportation in Detroit sewers and also Sewage Treatment costs to the Water Board.

Request is made that your Honorable Body authorize me to negotiate and sign an Agreement with the Oakland County Drain Commission, which, when completed, will be presented to your Honorable Body for approval.

Respectfully submitted,
GLENN C. RICHARDS,
Commissioner.

By Councilman Youngblood:
Resolved, That the Commissioner of Public Works be and he is hereby authorized, as City Agent, to negotiate and sign an Agreement with

Oakland County Drain Commission which will permit Oakland County to pass an additional flow of 0.95 cubic feet per second of sanitary sewage flow into the Detroit sewer system at Hessel and Southfield, thereby making the total approved flow from Oakland County at that point 2.95 cubic feet per second.
