Honorable Common Council:

Gentlemen—We are returning herewith the request of the Detroit Bank and Trust Company to vacate a portion of east-west alley east of Wayne Street between Fort and Congress Streets. The vacation of said alley was approved by the City Plan Commission with the recommendation that sufficient land be deeded to the City for a new N/S alley outlet into Congress Street to eliminate a dead-end condition in the remaining section of E/W alley. The petition was then referred to this office by your Committee of the Whole for investigation and report.

We wish to advise that our investigations are completed.

As per our directive the petitioner deposited with the City Treasurer the sum of \$2,000.00, Receipt No. C-31538, credited to the Department of Water Supply Fund Code No. 600-0000-(6232) 001, said amount being the estimated cost of abandoning an existing 6-inch water main located in the portion of alley to be vacated.

The petitioner deposited with the Permit Division of the Department of Public Works the sum of \$1,000.00, Receipt No. 88776, said amount being the estimated cost of constructing a new manhole at the westerly end of the remaining portion of east-west alley to be left open located west of Shelby Street between Fort and Congress Street.

The petitioner also deposited with the Permit Division of the Department of Public Works the sum of \$3,360.00, Receipt No. 88777, said amount being the estimated cost of installing paved alley return and paving newly deeded alley necessitated by the vacation of said portion of alley.

We are in receipt of a Quit Claim Deed from the Detroit Bank and Trust Company to the City of Detroit deeding land for alley purposes in accordance with the City Plan Commission's recommendation. Said deed was approved as to description by the City Engineer, and it is attached hereto for your Honorable Body's acceptance.

All other City departments and privately owned utility companies reported that they will be unaffected by the vacation of said alley or that they have reached satisfactory agreements with the petitioner regarding their installations therein.

We recommend the adoption of the attached resolution.

Respectfully submitted,
GLENN C. RICHARDS,
Commissioner.
