Honorable Common Council:

Gentlemen—We are returning herewith the petitions of the Wayne County Board of Supervisors requesting the vacation of Rivard Street between Hancock and Forest Avenue and all of the alleys in the blocks bounded by Rivard, Riopelle, Hancock and Forest Avenues. The vacation of said street and alleys was approved by the City Plan Commission and was then referred to this office by your Committee of the Whole for investigation and report.

We wish to advise that our investigations are completed.

As per our directive, the petitioner deposited with the City Treasurer the sum of \$2,342.63, Receipt No. C-29464, credited to the Department of Water Supply Fund Code No. 600-0000 (6232) 000, said amount being the estimated cost of abandoning an existing 8-inch water main located in Rivard Street to be vacated.

The petitioner paid into the City

Treasury the sum of \$1,400.68, Receipt No. C-29463, credited to the Public Works Maintenance Fund Code No. 143-0000 (6241), said amount being the original cost of paving the streets at the intersections of the street and alleys to be vacated.

The petitioner deposited with the City Treasurer the sum of \$340.00, Receipt No. C-29462, credited to the Public Lighting Commission Fund Code No. 123-990-9431-002, said amount being the estimated cost of removing this department's installations necessitated by the vacation of said street and alleys.

The petitioner also deposited with the City Treasurer the sum of \$5,400.00, Receipt No. C-29463, credited to the Street Maintenance Fund, said amount being the estimated cost of removing street and alley returns and constructing straight curbs and sidewalks incident to such removal necessitated by the vacation of said street and alleys.

Proper provisions are incorporated into the vacating resolution protecting the City's interests in the sewers located in the alleys to be vacated.

All other City departments and privately owned utility companies reported that they will be unaffected by the vacation of said streets and alleys or that they have reached satisfactory agreements with the petitioner regarding their installations therein.

We recommend the adoption of the attached resolution.

Respectfully submitted,  
GLENN C. RICHARDS,  
Commissioner.
