

Department of Public Works

June 12, 1958

Honorable Common Council:

Gentlemen—We are returning herewith the petition of the Van Dyke Taxpayers Association, Inc., and the Board of Education, No. 13089, requesting the vacation of the east-west alley north of Palmetto Avenue between Eldon and Van Dyke Avenues. The vacation of said alley was approved by the City Plan Commission with the recommendation that the Board of Education dedicate sufficient land from the northeast corner of the school playground to provide a turn-around for the portion of north-south alley which will remain open in the rear of the Van Dyke Avenue frontage. The petition was then referred to this office by your Committee of the Whole for investigation and report.

We wish to advise that our investigations are completed.

An easement is reserved in the vacating resolution for the Public Lighting Commission for the maintenance of its installations located in the alley to be vacated and that free and unobstructed use thereof may be had at all times.

The Board of Education issued a Purchase Order No. 55541, in favor of the Street Maintenance Division of the Department of Public Works in the sum of \$300.00, said amount being the estimated cost of removing cyclone fence and grading and stoning newly deeded alley turn-around necessitated by the vacation of said alley.

Proper provisions are incorporated into the vacating resolution protecting the City's interests in the sewer located in the alley to be vacated.

We are in receipt of a Quit Claim Deed from the Board of Education of land to be used for alley turn-around purposes in accordance with the City Plan Commission's recommendation. Said deed was approved as to description by the City Engineer, and is attached hereto for your Honorable Body's acceptance.

At the request of the Michigan Bell Telephone Company, we inserted a clause in the resolution vacating the above-mentioned alley granting said utility an easement for the maintenance of its existing installations in the street.

All other City departments and privately owned utility companies reported that they will be unaffected by the vacation of said alley.

We recommend the adoption of the attached resolution.

Respectfully submitted,

GLENN C. RICHARDS,
Commissioner
