Honorable Common Council:

Gentlemen—We wish to advise that in carrying out the Development Plan for the rehabilitation of the blighted area known as the Milwaukee-Junction Project No. 1, which is being undertaken by the City pursuant to Act 344 of Public Acts of 1945, as amended, the Detroit Housing Commission has requested the vacation of certain alleys west of Rivard Street between Osborne Place and Palmer Avenue.

The Detroit Edison Company has reported that it has lines and poles in these alleys and estimates its removal cost at \$450.81.

The Michigan Bell Telephone Company has reported that it has lines and poles in these alleys and estimates its removal cost at \$225.00.

Your Honorable Body may make provision for the re-location of the lines and poles of these utilities in streets located near the alleys to be vacated.

We have been advised by the office of the Corporation Counsel that since the vacation of these alleys is necessary to carry out the Development Plan for the rehabilitation of this blighted area that the re-location cost of these utilities is not chargeable against the City.

All other City departments and privately owned utility companies reported that they will be unaffected by the vacation of said alleys.

In view of the foregoing it will be necessary to adopt a resolution vacating the aforementioned alleys and directing the Detroit Edison Company and the Michigan Bell Telephone Company to remove their lines and poles therefrom.

Respectfully submitted,
GLENN C. RICHARDS,
Commissioner.
