Resolved, That the adjustment in the constructed quantities in the Assessment Portion amounting to \$39.00, in connection with paving the alley in block bounded by Meyers, Manor, West Chicago, and Orange-lawn, Contract PW-2654F, be applied to the City Intersection Portion and that the final assessment cost for construction remain at \$2,078.00 the same as in the original accepted proposal.

**Nays—None.**

Honorable Common Council:

Gentlemen—Contract PW-2647F is for paving the alley in block bounded by Parker, Maxwell, Goethe, and Mack. A. N. Marando and Son are the Contractors. The total amount of the accepted proposal was \$2,924.60, of which \$2,405.40 was in the Assessment Portion, and \$519.20 was in the City Intersection Portion.

The Assessment Roll was based on the amount stated in the Assessment Portion of the accepted proposal, or \$2,405.40.

Under the provisions of the resolution authorizing the Contract, any deductions or additions in the Assessment Portion exceeding 1 per cent must be approved by the Common Council before the adjustment of the difference is applied to the City Intersection Portion.

When the final measurements, based on actual construction, were made an increase of \$29.40 in the Assessment Portion resulted. This amounts to approximately 1.2 per cent of the original Assessment Portion or \$5.35 over the 1 per cent.

It is recommended that the adjustment be made by adding the \$29.40 to the City Intersection Portion, and that the Assessment Portion remain the same.

Respectfully submitted,  
GLENN C. RICHARDS,  
Commissioner.

**Department of Public Works**

January 24, 1956.

Honorable Common Council:

Gentlemen—Your Committee of the Whole referred to this office for investigation and report the petition of the Department of Public Works and the Department of Parks and Recreation requesting the vacation of Sunderland, Trojan and Fargo Avenues, north of Pembroke Avenue and west of Stahelin Avenue, within the limits of a recreational site, and all the alleys in the blocks bounded by Sunderland, Stahelin, Trojan and Fargo Avenues. The vacation of said streets and alleys was approved by the City Plan Commission in its communication to your Honorable Body of December 1, 1955.

Our investigations are completed and they disclose that two City departments are affected by the vacation of said streets and alleys.

An easement is reserved in the vacating resolution for the Department of Water Supply for the maintenance of its water main located in Sunderland Avenue and for the Fire Department to maintain its communication lines in Trojan Avenue.

All other City departments and privately owned utility companies reported that they will be unaffected by the vacation of said streets and alleys.

As the vacation of the streets and alleys is necessary for the proper utilization of the recreational site, we recommend the adoption of the attached resolution.

Respectfully submitted,  
GLENN C. RICHARDS,  
Commissioner.
