Department of Public Works

February 19, 1960

Honorable Common Council:

Gentlemen—We wish to advise that in carrying out the Neighborhood Betterment Plan in the Mack-Concord Conservation Project Michigan R-1, the Detroit Housing Commission has requested the vacation with the reservation of easements for public utilities of Field Avenue and certain alleys within the limits of the project.

The vacation with the reservation of easements of said street and alleys was approved by the City Plan Commission with the recommendation that sufficient land be set aside for new street and alley outlets. The petition was then referred to this office by your Committee of the Whole for investigation and report.

We wish to advise that our investigations are completed. In reply to our inquiries, all City departments and privately owned utility companies reported that they will be unaffected by the vacation with reservation of easements of said street and alleys provided proper provisions are incorporated into the vacating resolution protecting their interests in underground installations only located in the above mentioned street and alleys.

We recommend the adoption of the attached resolution.

Respectfully submitted,

GLENN C. RICHARDS,
Commissioner.
